

ORIENTEERING DEMO DAY

Făget forest, Gârbău valley — the former firing-range area

Saturday, 17 October 2026, 9:30 – 15:00

Clubul Sportiv TranSilva, Cluj-Napoca

Join us! Entry is free. You can start any time between 9:30 and 15:00, on whichever event you like — there is no mass start.

STEP 1 — DOWNLOAD THE APP

Download the **iOrienteering** app for your Android or iOS phone and grant it all permissions: access to the camera and to your location. Do this at home, on Wi-Fi — the signal is weak in the forest!

TAKE THE MAP LEGEND WITH YOU

STEP 2 — SCAN THE SETUP QR CODE OF YOUR COURSE

There are **10 courses**, each with its own SETUP code. The SETUP QR codes are shown **here on the notice board only**. Pick your event and age group, then scan the matching SETUP code. You have **2 hours** for each course, counted from the moment you scan START.

2C) COURSE

Run a course with an orienteering map, as bold as you dare. Control codes run from **331 to 358**; **399** is the last control, shared by all age groups. There are 4 courses to choose from, all run with an orienteering map:

Age group	Children <12 years	Youth 12–18 years	Adults 18+ years	Combo Youth+Adults
Control codes	6 pcs: 331–335 + 399	8 pcs: 341–347 + 399	9 pcs: 351–358 + 399	13 pcs: 341–345 + 352–358 + 399

SETUP QR code				

WARNING! Controls belonging to different age groups stand close to each other in the forest. Before every scan, check the control number against your own course list — otherwise you will be disqualified.

HOW AN EVENT WORKS

- 1. SETUP** — Scan the SETUP QR code on this notice board. The app loads the course you chose. The clock is NOT running yet.
- 2. START = TRIANGLE** — At the entrance to the Matrix / Labyrinth / Course, scan the START QR code. Timing starts here — you are already being timed!
- 3. CONTROLS** — Scan the controls in ascending numerical order: 341 → 342 → 343 ... Check the number at every control, to be sure it belongs to your course. If you scan a control that is not yours, or take them out of order, you will be disqualified.
- 4. FINISH = TWO CONCENTRIC CIRCLES** — Always end the event with the FINISH QR code. Only then does the clock stop and your result go online.

SETUP ► START ► control 1 ► control 2 ► control 3 ► ... ► last control ► FINISH

USEFUL INFORMATION

The map: If you run a course with a map, you have it in the app on your phone, but you can also pick up the printed map for your age group at the start (Children, Youth, Adults, Combo).

Who, with whom, in what order: Every event is individual. You may take part in any and all event types, in any age group, in any order. Families going round together may pick any of the 3 age groups: Children, Youth or Adults.

Mind the tapes: The orienteering courses also carry **red-and-white** nylon tapes, which add guidance and safety. These cross the markings of the **Făget Tour** trail race, which are **red-and-green** and made of fabric. Take care at junctions! Do not confuse the two sets of markings.

RESULTS

See the results at www.iorienteering.com, event by event. You can filter by the club name **Transilva**, by "my runs", or by the course code — the app code is listed above each SETUP QR code.
